

capability for system participants and a document imaging/storage/retrieval service for support documents required in certain filing situations.

The NASD had originally intended to fund the CRD redesign effort from the current registration filing fees based on expected activity levels in the 1995–1997 period. In 1995 registration activity declined significantly, and the resulting lower revenue levels are now expected to continue through 1997. The NASD believes it is necessary to institute the temporary fee increase in order to continue the investment in this important systems project. The temporary fees will be implemented on August 1, 1995, and will apply to all filings received on or after that date. The fee increase will be reduced for most types of filings made in calendar 1997 and will return to their current levels in calendar 1998.

The NASD believes that the proposed rule change is consistent with the provisions of Section 15A(b)(5) of the Act¹ which requires that the rules of the Association provide for the equitable allocation of reasonable dues, fees and other charges in that the proposed rule provides a consistent basis for assessments among member firms and fairly assesses a charge to cover the costs incurred by the Association in the redesign of the CRD System.

(B) Self-Regulatory Organization's State on Burden on Competition

The NASD does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective upon filing pursuant to Section 19(b)(3)(D)(ii) of the Act and subparagraph (e) of Rule 19b–4 thereunder in that it constitutes a due, fee or other charge. However, the NASD has determined to implement the rule change on August 1, 1995.

At any time within 60 days of the filing of such proposed rule change, the Commission may summarily abrogate the rule change if it appears to the Commission that such action is

necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit data, views, and arguments concerning the foregoing. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street NW., Washington, DC. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room. Copies of such filing will also be available for inspection and copying at the principal office of the NASD. All submissions should refer to File No. SR–NASD–95–32 and should be submitted by August 22, 1995.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority, 17 CFR 200.30–3(a)(12).

Deputy Secretary.

[Docket S–923]

Mormac Marine Transport, Inc.; Notice of Application for Modification of Operating-Differential Subsidy Agreement, Contract MA/MSB–295(c) and extension of subsidizable life of the MORMACSTAR and MORMACSUN

By application dated July 10, 1995, pursuant to section 605(b) of the Merchant Marine Act, 1936, as amended (Act) Mormac Marine Transport, Inc. (Mormac) requests that the subsidized life of the MORMACSTAR and the MORMACSUN (Vessels) be extended to January 31, 1997. In addition, pursuant to Article II–25 of ODSA MA/MSB–295(c) Mormac requests that Article I–3(a) of ODSA MA/MSB–295(c) be modified to permit a subsidy sharing arrangement between the Vessels and the MORMACSKY.

Mormac notes that the ODSA applicable to the MORMACSKY (MA/MSB–295(c)) terminates on January 31, 1997. Without an extension of its subsidized life the MORMACSTAR would conclude its subsidized life on December 9, 1995 (MA/MSB–295(b)) and the MORMACSUN would conclude its subsidized life on June 22, 1996 (MA/MSB–295(c)).

Extending the subsidized life of the Vessels and establishing a subsidy sharing arrangement will, according to Mormac, permit the Vessels to remain active participants in the U.S. foreign trade for one additional year and six additional months, respectively, while concurrently helping to ensure the employment of U.S. seafarers for this additional time. Mormac also points out that the Vessels would remain available for use in times of national emergency during the extended subsidizable life.

Mormac contends that the Vessels are actively engaged in the international trade and well maintained. Neither is required to exit the trade as a single hull vessel until 2003. The public interest and the U.S. merchant marine, Mormac asserts, would be supported by the approval of its request.

This application may be inspected in the Office of the Secretary, Maritime Administration. Any person, firm, or corporation having any interest in such application and desiring to submit comments concerning the application must file written comments in triplicate with the Secretary, Maritime Administration, Room 7210, Nassif Building, 400 Seventh Street SW., Washington, D.C. 20590. Comments must be received no later than 5:00 p.m. on August 10, 1995. This notice is published as a matter of discretion and publication should in no way be considered a favorable or unfavorable decision on the application, as filed or as may be amended. The Maritime Administration will consider any comments submitted and take such action with respect thereto as may be deemed appropriate.
